# My First Day of Kindergarten

— at —  
Pleasant Park Public School

---

---

**This is my new school.  
It is called Pleasant Park Public School.**

**Children will get to school in different ways. Some will take a bus, some will walk, and some will come by car.**

**When I get to school, this is where I will go to meet my educators and my class.**

**I will have a special place to keep my backpack, my lunch, my coat and my shoes.**

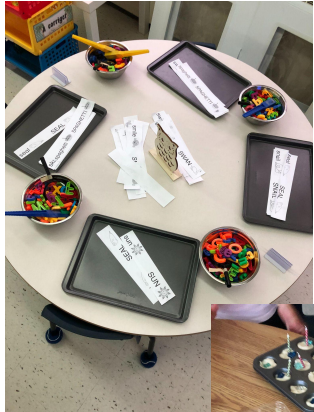

Sometimes we will play and learn outside.

And sometimes I will be in my classroom.

In my classroom there will be many children and activities to do. It will be fun to learn with my new classmates.

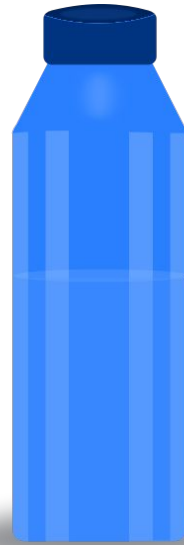

**My educators will play with me and teach me lots of new things. They will look after me and keep me safe. If I need something, I can ask them for help.**

**Everyday, I will eat my snack and my lunch at school. I will bring a water bottle to school with my name on it so I can have a drink whenever I am thirsty.**

**If I need to use the bathroom at school, my educators will show me where to go.**

My school has a special room called a library. It has wonderful books that I can take borrow and read at home. We also have a gym where we can play games.

Our library

Our gym

**Sometimes I might miss my family while I am at school.  
That is okay. My educators and friends will help me feel  
better.**

**When playtime is over, I will help tidy up all the things we used.**

**Everyone will help keep our room clean and organized.**

At the end of the day, I will get ready to go home.  
Goodbye everyone. Now it is time to go home and tell my  
family all the things I learned at my new school.
